Environmental Policy

CBC is committed to delivering high-quality services while ensuring a safe and healthy workplace for our employees and minimizing our environmental impact. We will comply with all relevant environmental legislation and consistently apply pollution prevention strategies and best practices in our operations.

Our policy is to:

- **Integrate environmental considerations** into decision-making and daily activities, ensuring that sustainability is at the core of our operations.
- **Minimize waste generation** and prioritize the reuse, recycling, and responsible disposal of materials.
- **Reduce energy and water consumption** within our buildings and processes to conserve resources and minimize environmental footprints.
- **Source products and services** with the lowest possible environmental impact, ensuring minimal harm to natural ecosystems.
- **Educate and train employees** on environmental issues that affect their roles, fostering a culture of sustainability and responsibility.
- **Promote environmental awareness** among our employees and encourage sustainable practices in the workplace.
- **Communicate our environmental commitment** to clients, customers, and the public, inspiring them to support and adopt sustainable practices.
- **Develop and maintain emergency and spill response plans** in compliance with legislation and best practices, addressing potential health, safety, and environmental risks.

By adopting these principles, CBC aims to lead by example, contributing to the well-being of both our community and environment.
